"Community Partners In Fire And Life Safety"

Greetings from Mico, Texas, a diverse, vibrant and progressive community that is proud to be a part of "where the west lives." As Fire Chief, I welcome you to the Mico Fire Department's home on the internet. It is my hope that you find this site both entertaining and informative. We have much to be proud of and are glad that you have decided to stop by and visit.

Chief Suwinski

We cover approximately 70 square miles and operate out of one fire station. Our organization is spread among the four Divisions of Administration, Operations, Fire and Life Safety and Training and Technical Services. You can learn more about each of these divisions within our department here on the website.

The Mico Fire Department has come a long way since its beginning in 1963. The department currently has 20 personnel. The department has evolved into one of the finest fire service agencies in the State of Texas. Throughout the history of the Mico Fire Department many tragedies have occurred, many heroic deeds have been performed; and many dedicated people have devoted their lives to a goal of serving people.

The future looks even brighter for the Mico Fire Department. As the needs of the community change, the department's operations continue to evolve and expand. While moving forward, the department has adopted advancements in equipment and technology. The concept of the fire service has come to include much more than wild land firefighting.

The Mico Fire Department and its personnel have always boldly faced its challenges and quickly responded to changes in the fire service and in the community that it serves. New pages to the story are being written every day by the actions of the dedicated and professional men and women who make up one the finest fire service agencies in the country.

Enjoy your visit!!

Mark E. Suwinski, Fire Chief
